Self Referral Form - Request for an Appointment - Confidential

A first appointment at the Mediation Service can be arranged as an individual or as a joint appointment. Either way it is essentially an information meeting to help decide whether and how mediation might help in the situation. You will both need to attend such an appointment either separately or together before any mediation can commence.

Please note that your details and application will be treated as confidential by the Service and will not be disclosed to anyone else without your express permission.
